## DURA-PUMP™ QUICK CADDY WITH DURA-METER™

### Dura-Pump™

- For Use With Agricultural Chemicals
- Ability To Handle Low and High Viscosity Liquids
- Pumps Up To 15 GPM
- 12 Volt DC Motor (also available with 110 V AC Motor)
- Self Priming Diaphragm Pump With EPDM Seals
- Versatile Pump Mounting Capabilities

The Dura-Pump™ Quick-Caddy Frame Assembly is extremely easy to carry around and provides the ability to quickly attach the pump system to the tubular frame of an IBC/cage tank. The system includes a telescoping dip tube for versatility, 1" x 12' EPDM discharge hose, 1" x 5' EPDM suction hose, 2" camlock with hose barbs and hose clamps and ball valve nozzle. **Includes accurate Dura-Meter™.** The pump is self priming, can be run dry without damage, has an internal bypass, and is easily field repairable. The Dura-Pump™ and Dura-Meter™ feature a 2 year warranty.

### Dura-Meter™

- Moisture-sealed construction protects electronic circuits
- Robust poly-housing with multiple mounting capabilities
- Battery Strength Indicator & Easy-to-Use Menu
- Powered by 2 AAA batteries
- LCD illuminated display for low-light conditions
- Calibration Quick-List automatically calibrates for commonly used products at selected temperatures
- Calibration is (+/-) 0.5%

Part Number DP-3000E

The Dura-Meter™ features a moisture-sealed construction so that the electronic circuit is impervious to moisture. The meter features Calibration Quick-List which allows the user to choose from a list of commonly used products and selected temperatures to automatically calibrate the meter. The Dura-Meter™ also allows for easy manual calibration when you dispense to a calibrated container and adjust to the amount pumped. Designed for durability the robust poly-housing with multiple mounting capabilities allowing the meter to be securely mounted to avoid damage.
